

**WELCOME**

Phenix Industries is a US manufacturer of performance automotive aftermarket products. Our goal is to design higher quality, better performing, and affordable fluid control products for use in the automotive, racing, and hydraulic industries.

**PRICING**

All prices are stated in US dollars and are subject to change without notice. Discounts and special pricing programs are offered at the discretion of Phenix Industries. Prices are suggested and possession of our price lists does not guarantee the right to purchase parts at those prices.

**METHOD OF PAYMENT**

Open account status may be granted to those domestic accounts that meet Phenix Industries credit requirements. Payment terms must be granted by authorized Phenix employee and will be Net from date of invoice. We also accept Visa, Mastercard, and American Express.

**RETURNS**

All sales are final. Returns will be accepted only by those authorized by Phenix Industries. All returns must include the return authorization number given by authorized personnel at Phenix. If product is accepted as a return, replacement part(s) or house credit will be issued. Cash or credit card refunds are not available.

**FREIGHT**

Orders are shipped F.O.B. from our location in Riverside CA. Freight will be shipped via UPS or Fedex collect unless otherwise requested by customer.

**LIMITED WARRANTY**

All products are sold with a one year limited warranty against defects in materials or workmanship. These parts are designed to be used off road by professional crews in the field of racing. This warranty will not exceed the original purchase price of the goods. Any defective parts should be returned to Dealer where purchased. This warranty does not apply to any products subject to damage in transit, accident or misuse or abuse following the date of original purchase. Phenix Industries will not be liable for loss, damage, or injury from the use of these products. Racing by the nature of the business is a dangerous pursuit and the user is responsible for determining the suitability of the product and assumes all responsibility for its use.
